Vision & Mission

Vision

An inclusive society where persons with disabilities enjoy equal rights, dignity, and opportunities, free from all forms of barriers.

Mission

To provide strong leadership for the implementation of UNCRPD and national laws, ensuring meaningful participation of persons with disabilities in policy, planning, and development processes.

On the occasion of 32th International Day of Person with Disabilities.

Our Four Strategic Pillars

1. Advocacy & Policy Influence

- Advocating for disability-inclusive laws, policies, and budgets
- Promoting representation of persons with disabilities in decision-making bodies
- Monitoring UNCRPD implementation at federal, provincial, and local levels

2. Awareness & Social Change

- Challenging stigma and negative attitudes towards disability
- Promoting disability rights and inclusion through campaigns and information materials
- Encouraging a rights-based understanding of disability across society

3. Capacity Building & Empowerment

- Strengthening governance, leadership, and sustainability of member OPDs
- Empowering women with disabilities, children, and marginalized impairment groups
- Providing technical support to local governments and stakeholders

4. Networking & Partnerships

- Coordinating OPDs at local, provincial, and national levels
- Building partnerships with government, development partners, civil society, and media
- Linking development actors with disability-led organizations
